Lee Hall Support Offices

Lee Hall, conveniently located in the UL Lafayette Quad, is a campus building completely devoted to student support services. If Lee Hall does not offer the services your student needs, the staff here knows exactly where to send them. Lee Hall is a very important location for your student to be familiar with the entirety of their time in college. Lee Hall is located in sections C/D6 on the university's [campus map](#).

Office of First-Year Experience

OFYE is the one office on campus solely dedicated to assisting the university's freshman class. We direct the transition into UL Lafayette with UNIV 100, a three credit-hour course designed to help first-year UL Lafayette students transition successfully from high school to university life and academic work.

UNIV 100 course components:

- (1) [Cajun Connection](#), a one-day extended introduction to UL Lafayette, the campus community, and University-level work
- (2) [First-Year Seminar](#), which continues for fifteen weeks during a scheduled class time

Beyond academics, OFYE also encourages student and parent involvement on campus, orchestrating the [Red Run](#) during the first home football game of the year and [Family Weekend](#), October 27, 2018. OFYE houses one

student organization, [The Big Event](#), which is a community service organization that has organized over 12,000 students to help the Lafayette area since its creation in 2013.

OFYE is also here to serve our parents

Our primary service to you is the monthly [parent newsletter](#). Find updates on university deadlines, campus social life, parental involvement on campus, and tips to best support your student. [Sign up](#) for the parent newsletter today.

Academic Success Center:

The Academic Success Center (ASC) is the leading resource on campus for students who need help performing up to the academic standards in the college classroom. To aid students academically, ASC offers free tutoring through the [Learning Center](#), located on the second floor of Lee Hall. The Learning Center strives to ensure that all students succeed academically, by offering [individual tutoring](#), [group tutoring](#), [online tutoring](#), and [supplemental instruction](#).

Beyond free tutoring, the Academic Success Center also offers a number of administrative services to students. If your child gets to UL Lafayette and decides to declare or [change majors](#), or wants to talk through the option of doing so, counselors are readily available. If any student also decides in the course of a semester to [drop a class](#), the ASC is the first place for them to visit.

The ASC also offers recurring workshops for students throughout the semester. A multitude of [Success Workshops](#) are provided for students adjusting to the academic and social systems of college life.

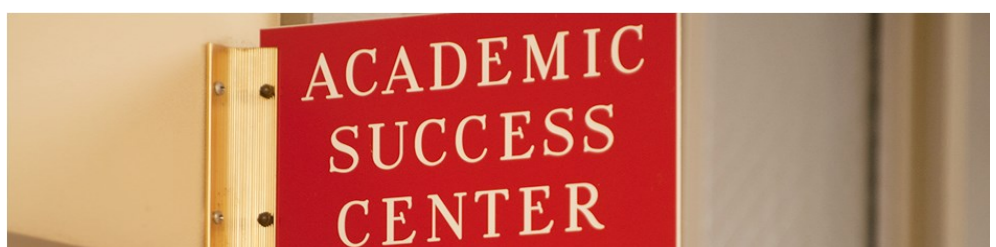

Should your student face struggles

Please encourage students to visit Lee Hall to get the support and assistance needed to thrive academically and socially here at UL Lafayette.

Dual Enrollment Credit

UL Lafayette awards credit for college courses completed while enrolled in high school. College credit cannot be awarded based on a high school transcript. The student must send an official college transcript to receive University credit.

College Credit—official transcripts can be sent digitally to:

etranscripts@louisiana.edu or by using the [Request for Transcript of Credits Form](#), which is provided by the Office of Admissions.

Official transcripts may also be mailed:

UL Lafayette

Office of Undergraduate Admissions

P.O. Box 41210

Lafayette, LA 70504

AP and CLEP Credit—must be provided by the organization itself, not students or parents. Visit their website in order to request the credit(s) to be sent to UL Lafayette.

[Read here](#) for more information about transfer credits. Contact our transfer coordinator at transfer@louisiana.edu for questions.

Advance Credit Exam

Advance Credit Exams offer students who meet eligibility requirements the opportunity to earn credit for courses at UL Lafayette. Students can take select [Advance Credit Exams](#) prior to the start of the Fall semester.

Math Placement, Credit and Testing

Every degree program at the University requires a minimum of 6 credit hours of Math. To understand Math placement, credit and testing opportunities, please visit the [Department of Mathematics](#).

Don't Miss the First Parent Newsletter

View [previous issues](#) of our parent newsletter. The first issue discussed topics like immunizations, housing, academic calendar and much more.
