Course Topic: *Learning Leadership*

Description: Leadership is a “hot topic” in social sciences, management, popular culture, and on the UL Lafayette campus! Did you know that leadership is not about position or title, power or authority, celebrity or wealth, family or genetics? It's also not just something for a chosen few. Leadership is everyone's business! In this course, students will learn about their personal leadership skills and how these can be strengthened, honed, and enhanced - given the motivation and desire - along with practice and feedback, role models, and coaching.
